2) ♙ do not move

Can't campaign against your Empires

Peasant Revolt

Card — Empire — Map

Victory: Regime Change

?: Attack if same color as player

Conspiracy

Card — Empire — Map

Victory: Regime Change

Religious War

Card — Adjacent Map(s) — Map

Victory: Regime Change

Eng — HRE — Ptg — Arg — PPs

* adjacent includes diagonals

1) Adjacent ♙ do not move
2) MUST kill at least 1 ♙♙♙
3) Defenders are ♙♙♙ of any other colors

Victory: MUST flip map to matching Theocracy

Regime Change Steps

1) • discard vassals, queen and bishops (except from the Throne or own Tableau if no card flip)
   • If **Campaign Op.**, target Empire become vassal
2) Take as King — You: Empire from other player and Throne always become King
3) Self Control — Flip to Other side — You: **Regime Change** on your own King result in Republic (vice-versa)(except Coronation)
4) Place surviving ♙♙, if you battle. (see Q5)
5) Add Concession — Map
   • MAY add ♙ to border.
   * If it is already occupied pay 1$ to Repress. (Q5)
6) Emancipate — Empire — Map
   • MAY move ♙♙♙ from empire to map if location is EMPTY

Levies & Trade Fairs

Levy : Place a matching ♙ on an open city.
This is the only time printed ♙ on map cards need to be checked.

Tax : Target empire gets a **Levy**

Trade Fair : Each Map Card the voyage enters receives a **Levy**
[+1$] in 2p , [+2$] in 3-4p

Map — Map — Map

Victory Conditions

N+[X] : Have [N] more [X] then any opponent
Example : Have 2+[X] than any opponent
In 3p, you win if you have : 4[X] vs 2[X] vs 1[X]

Patron Victory

Trigger when market can't be refreshed (both decks empty).
- Most [Patron Prestige] wins.
* If tied, most money wins.

Imperial Victory

2+ [Kings] (3+ in 2p) (Get a King: see Q2/Q3)

Renaissance Victory

1+ [Republics] (Get a Republic: see Q4)
2+ [Law Prestige].

Globalization Victory

1+ [Discovery Prestige]
2+ [Concessions (♙ on map)]

Holy Victory

1+ [Religion Prestige] in supreme Religion.

Supreme Religion

More ♙ of its color than both other religions combined.

More ♙☠ of its color in its Theocracies than both other religions combined.

And

Map: Σ♙☠ > Map: Σ♙

Coronation:

A) Marry the queen to a listed King, if he's in the Throne or in your Tableau, and cause a **Regime Change**
B) Tuck the queen under your Player Board for her Prestige, if any.

Trade Shift:

1) Make the indicated trade route active.
2) Any unit covered by the moved disc becomes Repressed. (see Q5)

Apostasy:

Each player with Prestige icon cards of both indicated Religions in his Tableau must discard them, except old maids. Couples return to the Throne.

Corsair

• Move Pirate matching icon's color

To either A) or B)

Eng — Fra — Ptg — Arg — PPs — OtM

Corsair location: Aragon

A Sea border of card location
B Sea border of an adjacent card location sharing a sea border

1) Cannot move to same-colored Pirate.
2) Kill non-matching token on target.

Siege

• Kill one ♙☠ at card's location

Behead

• Kill 1 other Card (get discarded)
- If target Empire also kill itself and married queen.

Tax

• ♙ owner pay 1$ or ♙ get Repressed
1) MUST have an open city slot
2) Target Empire gets a **Levy** chosen by the taxed player

Repress

• Move ♙♙ shown on icon to empire.
You gain 1$.

Vote

• **Regime Change** on target empire.
Target : Can't target empire from the Throne or Vassal
1) You MUST have ♙ majority in target empire's borders.
2) Pay 1$ per Repressed ♙♙ on Empire Square.

If on Theocracy side MAY flip to a Medieval state (non-theocratic)

Commerce

• Collect 1$ from a card in the icon's Market Row

Inquisitor

• Move bishop matching icon's color

To: a) Physically adjacent card
b) Another card (in any Tableau or Throne) that has the same Location as the one it currently sits on
c) Suzerain to any of its Vassals
d) Vassal to its Suzerain or to one of the Suzerain's other Vassals

can't move a Bishop onto a Player Board

1) MAY kill 1 Repressed token on destination.
2) If Bishops share a card, they kill each other.
3) Destination card's abilities and **Ops.** are "silenced"(except Inquisitor **Op.** and Prestige).

Q1 : How to cause a **Regime Change** ?
A: Coronation — Trade Shift — Apostasy — Siege — Campaign — Vote

Q2 : How to get a King from the Throne?
A: Anything that causes a **Regime Change** except **Vote Op.**

Q3 : How to take a King from an opponent?
A: Cause **Regime Change** (except Coronation)

Q4 : How to get a Republic?
A: Cause **Regime Change** on your own king (except Coronation)

Q5 : Repressed , Repress and Kill
A: • Kill = remove.
• Repressed = ♙♙ on empire card.
• Repress = Move ♙♙ to empire card.
1) Repress as result of Agent placement or a **Regime Change**, cost 1$.
2) Repress as result of **Tax Op.**, **Trade Shift** or after battle if surviving ♙♙ are more than free Cities or borders, its free.

Q6 : How to add new ♙ to city?
A: 1) From card play.
2) Use **Tax Op.** to place a **Levy**
3) Use Trade Fairs to place **Levy**
4) From Emancipation after **Regime Change**

Levy see Levies & Trade Fairs section
